Dear \_\_\_\_\_

A clean street/sidewalk is a win-win: you win, your customers win, your neighbors win, the city of Philadelphia wins.

You can help with a simple act: put a trash can outside your store. Put a lid on it. Put a clean bag in it with every trash pickup.

Some residents of the area have a community trash can on a neighborhood street. They bought it, maintain it and put the full bag out for the trash collection. They then put a clean bag in it and repeat the cycle.

You could use the can and lid for advertising: **BROUGHT TO YOU BY**      *(your store's name)* **IN THE INTERESTS OF A CLEANER PHILADELPHIA.**

What do you think?

We look forward to admiring your clean street.

Clean and Green Committee

Representing the South of South Neighbors' Association (SOSNA)

If you are a business that sells prepared or prepackaged food, we remind you that you are required to provide a place for your customers to put their trash. (*Philadelphia Home Rule Charter § 10-704.2*)
